Mach 2.0 translates data from your favorite crop system into FBS Crop Audit.

Imports CSV or FODM data files.

Row	Import Description	Center	Project	Field	Storage
1	120 /	141 14 Corn	_10	10 THE 120	4 BIG BEHLEN 42.6x42.6
2	40 /	141 14 Corn	141_9	9 CORNER 40	4 BIG BEHLEN 42.6x42.6

8	Brandons /	142 14 Beans	142_11	11 BRETT'S	20 E. BEHLEN-B.H 27x11'

Data from crop record systems (green boxes) goes into FBS (blue boxes)

Links fields, application, harvest and field operations from the crop record system to FBS field and financial records.

Names don't even have to match perfectly. Just do a one-time link as new data comes through.
